Among Boards of Education—Jan. 4—Feb. 14—May 6—July 6—Aug. 18—Sept. 19—Nov. 20—Dec. 19.
Among Bookmen—Jan. 16—Feb. 16—Mar. 18—April 40—May 16—June 17—July 31—Aug. 23—Sept. 16—Sept. 35—Oct. 17—Nov. 29—Dec. 19.
Among Superintendents—Jan. 14—Feb. 5—Mar. 4—April 15—April 42—May 8—May 28—June 15—July 13—Aug. 30—Sept. 17—Oct. 18—Nov. 22—Dec. 15.
Book Reviews—Jan. 20—Feb. 20—Mar. 20—April 28—May 21—June 24—June 29—July 22—Aug. 20—Sept. 21—Oct. 22—Nov. 24—Dec. 28.
Building and Finance—May 12—June 16—July 11—Sept. 11—Oct. 12—Nov. 14.
Building News—Jan. 26—Feb. 28—Mar. 28—April 26—May 30—June 32—July 36—Aug. 28—Sept. 30—Oct. 30—Nov. 36—Dec. 32.
Night School—Nov. 30.
Questions and Answers—Jan. 29—June 20—Aug. 34.
Rules and Regulations—Jan. 13—Feb. 15—Mar. 8—April 26—May 23—June 16—Aug. 18—Sept. 18—Oct. 6—Nov. 17—Dec. 25.
School Administration—May 4—June 5—July 2—Aug. 2—Sept. 2—Oct. 2.
School Hygiene—Jan. 13—Feb. 13—Mar. 9—April 24—May 18—June 18—Aug. 26—Sept. 14—Nov. 2—Dec. 17.
School Law—Jan. 2—Feb. 2—Mar. 2—April 41—May 2—June 2—July 18—Aug. 10—Sept. 10—Oct. 15—Dec. 16.
Supplies and Furniture—Jan. 24—Feb. 22—Mar. 26—June 31—July 26—July 32—Aug. 31—Sept. 24—Oct. 24—Nov. 26—Dec. 34.
Teachers' Salaries—Jan. 4—Feb. 27—Mar. 4—June 14—July 14—Sept. 16—Oct. 32.
Text Book News—Jan. 30—Feb. 19—Mar. 22—May 20—June 22—July 24—July 31—Aug. 22—Sept. 20—Oct. 20—Nov. 24—Dec. 26.

Stated as an Equation

1 Master Clock + 1 Program Clock + Secondaries = Precision + Harmony + Efficiency - Trouble

The Self-winding Master Clock, which Controls all the Clocks in the System.

The minute is nowhere more precious than in American schools; no lessons are more important than discipline, system and efficiency. Hour glass methods are obsolete. This is the age of electricity; electric clocks. You will have them some day. This is what we offer you now:

A Master Clock; electrically self-winding, 60-beat compensating pendulum, handsome hardwood case; designed, built and regulated to run without winding and with the uttermost precision.

Secondary Clocks; operated electrically; any number controlled by Master Clock so that they share its accuracy and agree absolutely with each other; made in all forms, sizes and finishes; extremely simple; no winding, setting or regulating; no complicated air piping from Master Clock, just a pair of low voltage wires.

Program Clocks; also controlled by the accurate Master Clock; will ring automatically any schedule of signals for school periods; different schedules for different rooms or different days in the week; silent on Saturdays and Sundays; remarkably simple and easy to reset; absolutely automatic and precise; push buttons for special signals. The Program Clock relieves you of all care.

Run your school with (not by) clock work. We can't give you an adequate outline of the electrical, mechanical and educational features of the Standard Time Systems for schools in this space.

Automatic Program Clock, for Controlling Signals in class rooms, etc.

Write for catalogue S32 which shows some of the equipment we have been furnishing schools for twenty-six years. Let us figure on yours.

The Standard Electric Time Co. Home Office **Waterbury, Conn., U.S.A.**

WILLETT'S SCHOOL, MONMOUTH, ILL.

H. E. Hewitt, Arch't, Peoria, Ill.

Deadened with Cabot's Quilt.

SOUND PROOF FLOORS

—a necessity in every schoolhouse—are produced by

Cabot's Deafening "Quilt"

It breaks up and absorbs the sound-waves as no other deadener can; it is indestructible, unflammable, scientific and sanitary; cannot rot, will not harbor moths or vermin, and resists fire.

"I have found the Quilt invaluable as a deadener of noise."—RUDYARD KIPLING.

Sample and special brochure on school-house deafening. Illustrated, sent on request.
